Builder	Anker & Jensen	Beam	9 ft 5 in / 2.87 m	Location	Italy
Date	1925	Draft	6 ft 9 in / 2.06 m	Price	EUR 600,000
Length overall	49 ft 2 in / 14.99 m	Displacement	10 Tonnes		
Length deck	49 ft 2 in / 14.99 m	Construction	Wood plank on frame		

These details are provisional and may be amended

Specification

BROKER'S COMMENTS

This thoroughbred sailing yacht continues to turn heads and offer only transom views. At around 50 feet on deck, Q-Class yachts offer fun racing for a bunch of friends in boats that look gorgeous - at the dock or on the water - with performance that lives up to looks. As COTTON BLOSSOM II she hit the ground running in her debut 2006 season on the Mediterranean classic regatta circuit with restoring owner America's Cup legend Dennis Conner at the helm. And back to her original name, LEONORE, her astounding winning ways continue under present ownership, with two Panerai Classic Yacht Challenge overall wins and countless class victories to her credit including at Les Voiles de Saint Tropez in consecutive years 2011 to 2016.

JOHAN ANKER 49FT Q-CLASS SLOOP 1925/2004

Specification RESTORATION

During a 2003-2004 second life restoration at San Diego led by Johnny Smullen, she was stripped of non-original and structurally timed-out elements, leaving a remarkable amount of original structure as a sound base to work back up from, with some of the longitudinal backbone saved and about 80% of the original planks. Although she had kept her shape - a huge nod to the quality of the original build in Norway by Anker & Jensen - all her frames required replacing, with laminated oak replacing steamed.

Inevitably an 80-year-old boat will need a new deck and probably a new mast, and she got them. Dennis Conner went for a taller rig than class rules on the basis that she'd been a handicap racer most of her life and would continue to be so - and she could stand it.

The quality of the work was exceptionally high, with Bill Mahyer commenting in a post-restoration WoodenBoat magazine article:

"If they could get her through the doors at Sotheby's or Christie's, she'd be right at home among the Hepplewhites and the Chippendales." (WoodenBoat July/August 2005).

Subsequently, during a 2007 refit in Tuscany, Italy, at Cantiere Navale dell'Argentario to improve stronger airs performance and to better conform with the CIM rating rule's heavily-weighted authenticity factor, the mast was shortened closer to Q-Class height and a lighter boom fitted. Subsequent race results speak from themselves.

Specification HISTORY

When shipped to North America in 1925 by her Norwegian builders Anker & Jensen, LEONORE's design and build provenance added Scandinavian finesse to the American Universal Rule of Measurement - the same rule the larger J-Class yachts were and kind of still are built to. Along with build sister SALLY XIII, LEONORE and her commissioning owner, Robert Amory of Boston, joined a Marblehead Q-Class fleet that would peak at 14 boats by 1929; 14 thoroughbred 50-footers coming to the start line would have been quite something. They weren't the only Universal Rule boats designed in Europe for sailing in US waters; around the same time, for example, Scotland's William Fife and England's Charles Nicholson joined Anker in having R-Class designs racing successfully on the West and East Coasts, some built by American yards. LEONORE was born into a fascinating period of truly international yacht design intrigue set around very sporty boats.

In 1931 she moved to the other side of Cape Cod and the perfect, breezy sailing waters of Buzzards Bay where, as PALOMA, she became Champion boat and won the Block Island Race during James Jackson's short period of ownership. She then became the second of Walter Wheeler's famous COTTON BLOSSOMS, winning the Astor Cup in 1938 (a later COTTON BLOSSOM would be the 75ft William Fife designed 1926 Fastnet Race winner HALLOWE'EN). Once a thoroughbred, always a thoroughbred: by 1940 she had moved inland to Chicago as SCIMITAR with continued handicap racing success in the hands of William Fautot and Charles Deere Wiman, in particular coming 3rd in the 1941 Mackinac Race, and 2nd in 1942 and 1943.

By 1949 she found herself on the US west coast in the ownership (as a gift) of Deere Wiman's daughter Mary Jane Wiman Brinton and regained the name COTTON BLOSSOM II, which she would retain through a succession of west coast owners for over 60 years. These included: Ted Halton, winning line-honours in the 1959 Swiftsure; Ed Turner, who retrieved the prestigious San Diego Sir Thomas Lipton Challenge Cup for the owning club in 1965; the Cole family (Doug Cole meticulously recorded and once shared her history online), and, from 2003, America's Cup legend Dennis Conner who gave her a new lease of life through an outstanding restoration. We deal with

COTTON BLOSSOM II's re-christening took place at San Diego YC on 14 October 2004; a remarkable gathering of past owners. Conner shipped her to the Mediterranean in 2006 to join its thriving circuit of classic regattas, where she has enjoyed outstanding success under his and subsequent ownership, racing among more Universal Rule and other American designs than would be possible in their original home waters.

In 2007, the taller rig installed by Conner was cut back by Cantiere Navale dell'Argentario to a more authentic length, resulting in the improved stronger winds performance that has helped her recent enviable winning ways, continued under present ownership since 2013 - including:

2011

- Cannes Régates Royales - 1st in Class
- Les Voiles de Saint-Tropez - 1st in Class

2012

- Les Voiles d'Antibes - 1st in Class
- Argentario Sailing Week - 2nd in Class
- Cannes Régates Royales - 1st in Class
- Panerai Classic Yachts Challenge - Overall Winner - Vintage Class
- Les Voiles de Saint-Tropez - 1st in Class

2013

- Les Voiles d'Antibes - 1st in Class
- Argentario Sailing Week - 2nd in Class
- Cannes Régates Royales - 1st in Class
- Panerai Classic Yachts Challenge - Overall Winner - Vintage Class
- Les Voiles de Saint-Tropez - 1st in Class

2014

- Les Voiles de Saint-Tropez - 1st in Class

2015

- Les Voiles d'Antibes - 1st in Class
- Vela Clásica Menorca - 2nd in Class
- Panerai Classic Yachts Challenge - 3rd Overall - Vintage Class
- Les Voiles de Saint-Tropez - 1st in Class

- Les Voiles d'Antibes - 2nd in Class
- Argentario Sailing Week - 1st in Class
- Vele d'Epoca di Imperia - 1st in Class
- Cannes Régates Royales - 2nd in Class
- Panerai Classic Yachts Challenge - 2nd Overall - Vintage Class
- Les Voiles de Saint-Tropez - 1st in Class

LEONORE has always been a winner!

Specification

- Mahogany planking (c80% original)
- Laminated American oak frames
- Full length Douglas fir bilge stringers
- Douglas fir beam shelf

- Additional clamp in way of mast
- Double bronze plate hanging knees in way of mast
- Bronze deck head to mast step rod tie-bar

Specification

Deck	- Sheet tail bags port and starboard
- Teak laid deck	- Trimmer seats port and starboard fwd
- Varnished mahogany king plank and covering boards	- Teak sole with teak foot/ kick strip
- Raw teak toerails	
	Mahogany cabin trunk
Aft	- Holly inlay trim
- Ash and bronze leather covered runner blocks and tackles	- Mahogany sliding hatch with holly inlay
- Ash and bronze leather covered mainsheet blocks	- Butterfly skylight
- Varnished mahogany lazarette hatch	- 4 x ports in trunk sides port and starboard
- Raised varnished mahogany cockpit coaming	- Teak chocks port and starboard for spinnaker pole
Cockpit	Foredeck
6 x (3 each side port and starboard) bronze winches:	- Varnished mahogany king plank
- Aft (runners) - Harken 44	- Raised foredeck hatch with 'lemon squeezer' prism
- Mid (mainsheet) - Harken 56	- Stainless steel bow roller
- Fwd (jib) Harken - 56	- Anchor and warp stowed below
- Engine panel in shallow aft bulkhead locker	
- Helmsman seats port and starboard aft	- Boat hook
	- Ensign staff

Specification

- Down 2 steps to engine box and one more to cabin sole	- 2 x Long burgundy Brazilian leather settees port and starboard
- Varnished mahogany furniture	- Burgundy Brazilian leather buttoned back rests
- Teak and holly cabin sole	- Stowage under and outboard
- White painted deck head with varnished mahogany trim	- 4 x ports in trunk sides port and starboard
- Continuous grabrail moulded carlin	- Butterfly skylight over saloon
- 2 x Deckhead lights	- 2 x Fiddled top sideboards port and starboard fwd
- GPS plotter in small starboard locker along with isolator panel	- 2 x mounted bulkhead lights

- Chart sideboard with holly marquetry compass rose/ to starboard; locker above, drawers under
- Quarter berth to port; burgundy Brazilian leather cushion; locker under and stowage
- Lavac manual toilet to starboard
- Slatted forepeak sole
- Half model at house forward

Specification

RIG, SPARS, SAILS AND CANVAS

- Spruce mast; two sets spreaders plus diamonds
- Topmast backstay added 2007
- 3 x Harken halyard winches
- Bronze spinnaker pole track
- Original bronze gooseneck
- Spruce boom (2007) with 2 x bronze Harken 6 winches for outhaul and topping lift
- Leathered oak boom crutch with deck padeyes offset to starboard
- Sails
- Mainsail Light, North 2015
- Mainsail Heavy, North 2013
- Genoa Light, North 2015
- Genoa Medium, North 2016
- Genoa Heavy, North 2013
- Genoa 2, North 2013
- Genoa 3, Olympic 2012
- Genoa 4, Olympic 2012
- Spinnaker S2 Light Runner 0.5, North 2015
- Spinnaker S Zero 0.4, North 2013
- Spinnaker 0.75, UK 2010
- SPI Light Runner, Zaoli 2011
- Asymmetric 1, North 2013
- Asymmetric 2, North 2016
- Asymmetric 3, North 2013
- Asymmetric Zero, North 2013

Specification

MECHANICAL ELECTRICAL AND TANKAGE

- Nanni N3.30 29hp Diesel (2018)
- 40 Litre Diesel tank under saloon sole
- 2 x 12V 108Ah domestic batteries
- 1 x 12V 108Ah engine start battery

Specification

NAVIGATION, COMMUNICATIONS AND ELECTRONICS

- Silva steering compass
- VHF handheld radio
- Tacktick Racemaster tactical compass
- Tacktick Mn100-2 wind (wireless)
- Tacktick Mn 30 wind (wireless)
- Garmin MNI 10 repeater display hub

Specification

SAFETY

- "U" lifebelt
- Automatic bilge pump
- Manual bilge pump in cockpit
- EPIRB
- Liferaft
- Fire extinguisher

Specification
