BROKER'S COMMENTS

Tough but elegant - and perhaps a boat for the purist with their sizeable rigs and normally without engine - the West Solent is moreover an enchantingly beautiful design and capable of winning at both classic events or racing to IRC. LINETTE was rebuilt 1995-96 and presents in near perfect condition. Stored inside in winter, she comes with her own local transport trailer.

WEST SOLENT ONE DESIGN 1925

Specification

HISTORY

LINETTE was built in 1926 by Berthon of Lymington and raced at Burnham-on-Crouch with a fleet of West Solents. There are multiple photographic records of her racing there in the 1920s. There is also a photo of her on the Solent in 1934. Little else known until early 1990s when she was acquired by Peter Brookes of Maldon and extensively restored along with several other West Solents around that time.

Specification

RESTORATION / REFIT

1995-96
Fully restored to concourse (new) condition by Peter Brookes of Maldon. Peter had restored several West Solents, but this one was firmly his boat, giving the restoration extra attention like a little extra sheer in the bow and aft quarters, teak decks, ornate interior timberwork.

2012-13
New interior – see below.

Specification

CONSTRUCTION

- Carvel long hull planking without butts; pitch pine below and yellow pine above water line
- Laminated iroko frames with intermediate steamed timbers
